

Light of the World

1. Why do you think Nicodemus went to Jesus at night? Why would "Nic" claim that they believed God sent Jesus to teach them?
2. Do you remember the two questions Don was trying to help us answer? What were they?
3. Why are those two questions important to us?
4. Why do we need the light? And what does it mean to love darkness more than light?
5. Why are people who do not believe in Jesus "condemned already?" Try to flesh that out theologically?
6. Do you struggle sometimes with trusting that God is good and that He is for you? Why or why not? How would you help someone else struggling with that?
